From: Kasie Whitener and Mike Lee

Subject: Cancellation of SCWA Spring 2020 Conference

Unfortunately, SCWA finds it necessary to cancel its Spring Conference scheduled for April 24 to 26, 2020 in Columbia due to the coronavirus pandemic. The health risks to our conference participants, faculty and SCWA's partners have become serious factors and the Board of Directors believes it is the best interests of all concerned to take this action.

We hope to reschedule the event, perhaps later in the year or in 2021, however do not have any specific details to share at this time. We will also be examining the possibility of offering some of the canceled conference programs as digital events in the near term and, if so, will share those possibilities with you. Additional workshops will be offered with our regional Chapters.

This decision is extremely disappointing as we were looking forward to an exciting conference for all participants. Thank you for your ongoing support of SCWA. If you haven't already done so, please renew your membership at myscwa.org by April 1 to remain an active member and take advantage of the many workshops and other benefits available to members.

Sincerely,

Kasie Whitener
Vice President/Conference Director

Mike Lee
President
